

OUTPUT PAGE

LOGIN PAGE

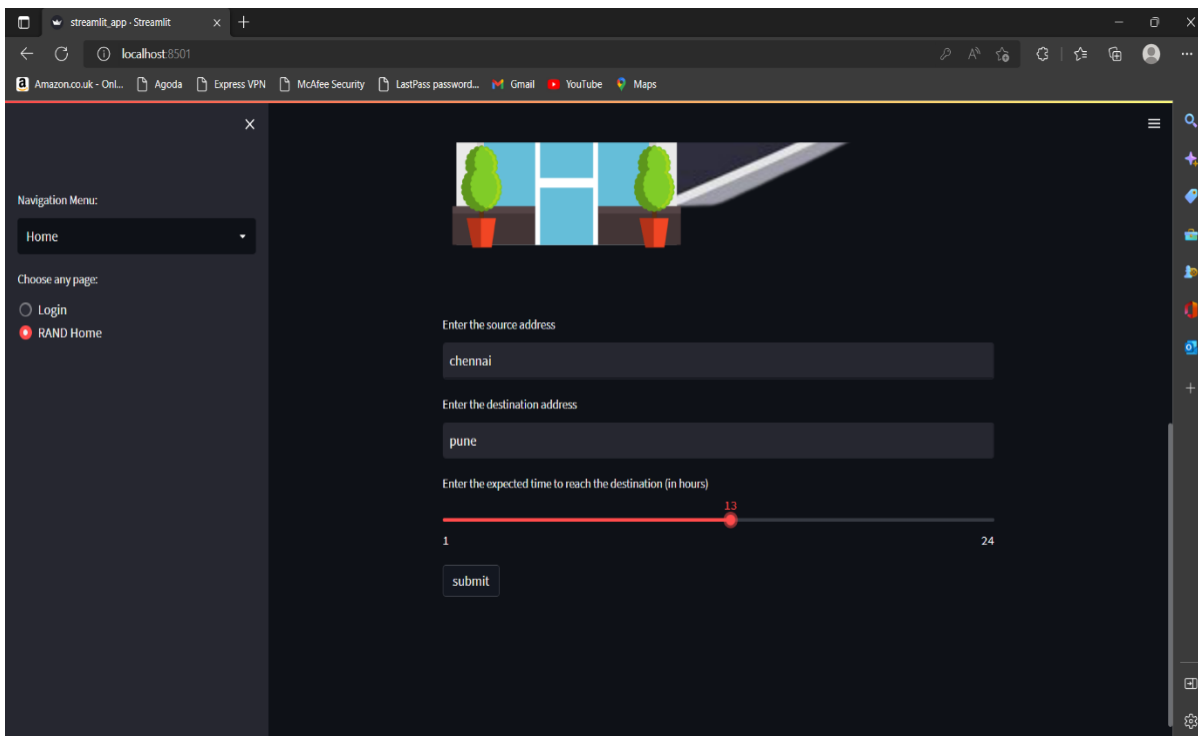

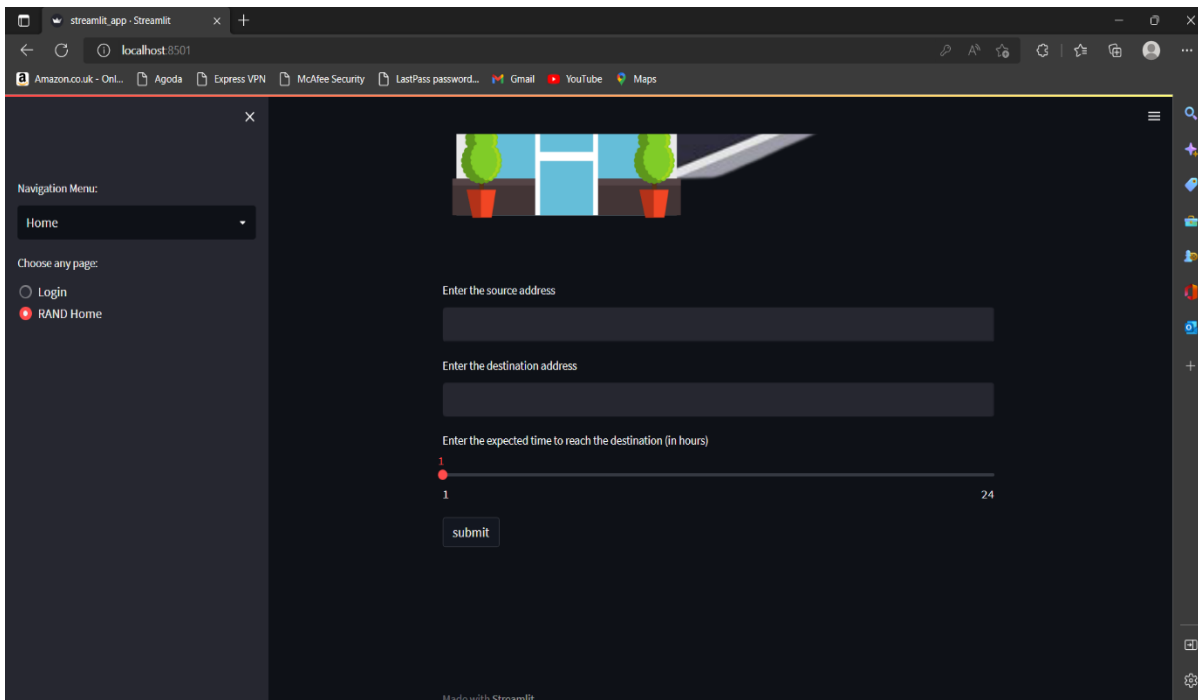

A screenshot of a web browser displaying the 'RAND Login Form'. The browser's address bar shows 'localhost:8501'. The page has a dark theme. On the left, there is a 'Navigation Menu' with a dropdown set to 'Home' and a section 'Choose any page:' with radio buttons for 'Login' (selected) and 'RAND Home'. The main content area is titled 'RAND Login Form' and contains a box labeled 'Enter your credentials'. Inside this box are three input fields: 'Username', 'Email', and 'Password'. The 'Password' field has an eye icon to toggle visibility. A 'Login' button is at the bottom of the form.

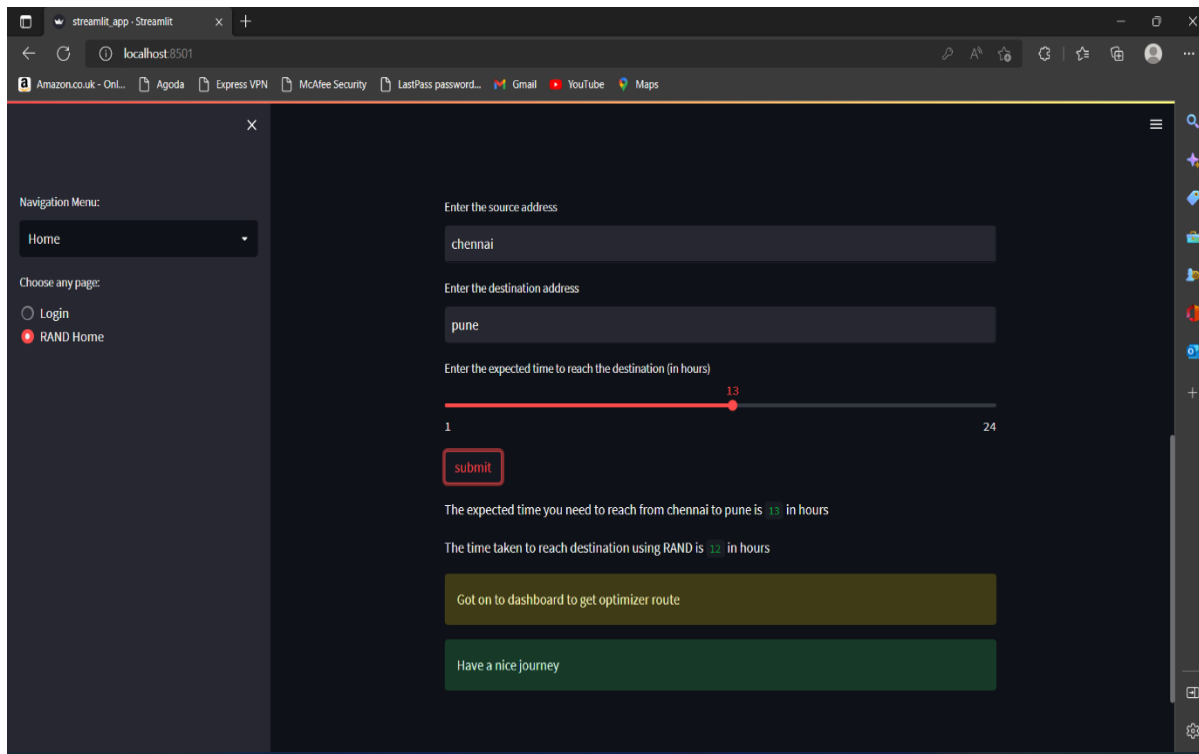

A second screenshot of the same 'RAND Login Form' in the browser. This time, sample data has been entered into the input fields: 'xxxxxxxx' for Username, 'xxxx@gmail.com' for Email, and 'xxxxxxx' for Password. The 'Login' button remains at the bottom of the form. The rest of the page layout, including the navigation menu, is identical to the first screenshot.
